## Education

**Indian Institute of Information Technology, Sonapat**

**Dec 2021 – May 2025**

*B.Tech in Computer And Science Engineering*

*Sonapat, Haryana*

## Relevant Coursework

- Data Structures
- Algorithms Analysis
- Programming
- OOP
- Software Engineering
- Database Management
- Web Development
- Operating System

## Experience

**Tech Titans Club**

**May 2023 – July 2023**

*Web Developer Intern*

*Sonapat, Haryana*

- Implemented cloud-based authentication and authorization protocols using JSON Web Tokens (JWT) and RESTful API endpoints for secure user access, data management, and efficient communication between the front-end and back-end systems.
- Leveraged continuous integration techniques with Jenkins to automate testing and deployment processes, ensuring website stability and reliability.

## Projects

**ShopVista** | *React JS, NodeJS, ExpressJs, Mongo DB Atlas, JWT Authentication*

**Oct 2023**

- Developed a platform empowers users to seamlessly browse, shop, and checkout, while providing store owners with the flexibility to customize site pages and manage product listings effortlessly through an intuitive admin dashboard.
- Implemented a robust checkout system powered by PayPal, ensuring secure and hassle-free transactions for users while maintaining the highest standards of payment security.

**Link Hosted-Link**

**News Scope** | *React JS, NewsAPI, Bootstrap, Javascript*

**Jan 2023**

- Developed a news platform that provides daily updates across diverse sectors, including Entertainment, Business, Health, Science, Sports, and Technology. Implemented seamless data integration from the News API to ensure real-time and up-to-date information.
- Proficient in utilizing React JS to enhance user experience and engagement on the platform. Passionate about delivering reliable and comprehensive news content to users in an accessible and user-friendly format.

**Link Hosted-Link**

**Chat Application** | *SOCKET.IO, NODE JS, EXPRESS JS, BOOTSTRAP, HTML, CSS*

**Sept 2022**

- Developed a real-time messaging platform that revolutionizes communication by leveraging the power of Socket.IO for seamless, bidirectional data exchange.

**Link**

## Technical Skills

**Languages:** C/C++, JavaScript, Python, JAVA , HTML/CSS, SQL

**Developer Tools:** MongoDB, GIT, MySQL,Vscode

**Technologies/Frameworks:** GitHub, RestfulAPI, Reactjs, ExpressJs, NodeJs, Postman, Bootstrap

**Soft Skills:** Leadership, Event Management, Writing, Public Speaking

**Areas of Interest:** Software Engineering, Python Development, Data Analytics, Web Development

## Achievements/ Extracurricular

- Solved 400 + Problems on GeeksForGeeks and 750 + questions on Leetcode.
- Secured 196 Global Rank in February Long 2022
- Solved more than 100 Daily Challenges continuously **on Leetcode** **Link**

## Certifications

**Walmart Global Tech**

*Advanced Software Engineering Virtual Experience Program on Forage*

*July - 2023*

- Implemented practical tasks in Advanced Data Structures, Relational Database Design and Software Architecture

**Link**

**AWS Academy Graduate**

*AWS Academy Cloud Foundations*

*June2023*

- Learnt the basics of cloud computing.
